ORIENTAL RUGS

OSCAR ISBERIAN RUGS (*Chicago, Evanston, and Highland Park*) has been cleaning, repairing, and restoring Oriental rugs since 1920. The most common repair is frayed edges, says Brian Rojana-sumaphong. "Think of it as a snagged sweater," he says. "It starts to unravel. We can rewrap the edges, but we can also replace the edges." Rugs can be brought into any of the three locations for cleaning.
